# Yuan Hsien M. Reyes

## I design identities that feel like the places they belong to.

Branding, packaging and social design for cafés, a candy shop, a solar company and a shop-management app.

Coffee and pastry shop, Angeles

# Heart & Grain

A homemade Kapampangan coffee and bread shop. The identity pairs a hand-lettered script with a forest green and cream palette, then carries it onto signage, cups and coffee bags.

Filipino café identity

# Pugon Café

A modern take on the warmth of Filipino coffee culture. The palette comes from a traditional pugon: earthy, comforting and familiar. The system covers a primary and secondary mark, social posts, cups, bread boxes, pastry bags, a storefront and signage.

Solar company, Lubao, Philippines

# WOW Solar

Two logo systems for a solar company: the main WOW Solar mark and a WOW Solar PH wordmark, each in light and dark versions. They come with Facebook cover designs that pair the logo with contact details and a projects strip.
